Dear Sir!

The Ukrainian Technical Museum, which addresses you this letter, is the organisation that unites the whole museum-exhibition work im Ukrainian Republic in branches of Technic and Industry. The Ukrainian Technical Museum superintends the work of many industrial exhibitions and museums, fouds the new technical and industrial museum-exhibitions in many Ukrainian towns.

Uniting the museum exhibition work in different branches of Technic and Industry, the Ukrainian Technical Museum has for the important task to acquaint the engineering-technical and industrial staff of the Ukrainian Republic with the present state of separate ramifications of technics particularly with its new attainments, new machinery, apparates and other construotions applied in the present foreign industry. With this purpose the Ukrainian Technical Museum organised special technical exhibitions of industry in the S.S.R.of U., and in the U.S.S.R. of foreign technics, published corresponding editions; guides the scientific and investigating work, having for its greatest task the maximal propagation of technical knowledge.

Hereby the Ukrainian Technical Museum begs you to be so kind as to forward your catalogues, price-currants and other editions about the production of your works.

We are particularly interested in the detailed description of the sets in your works, of the works and their history.

Besides, we are deeply interested in the materials about the exhi-

bitions arranged by your enterprises and in general in the possibly complete informations about the last exhibitions and their production.

If the direct forwarding of the materials impossible, we beg you to inform us as to the means of receiving them.

We hope you would not refuse to forward us the above-named materials, informing us also of your former editions and of work and production of your enterprises. Please, accept beforehand our sincere thanks for the execution of our demand and believe us to be yours truly.

~~We refer to you on the base of your advirtisement~~

Yours truly

Director of the Ukrainian Technical Museum

(Prof. Danilevsky)
